

11th May 2022

Dear Rector Barbara Marcinkowska

In honor and celebration of the Maria Grzegorzewska University Centenary, we hope you will accept the enclosed gift. We offer you this present as a small token of our appreciation for hosting our Assistant Professor Mojca Lipec Stopar.

We believe this artwork will brighten your university and make your celebration special and joyous.

We hope that the two Universities will continue to collaborate in establishing partnerships among students and staff by undertaking collaborative research and Bachelor/Master studies, promoting plurilingual and intercultural experiences and exchanging good teaching practice.

We wish that your centenary is a time to celebrate your place, your people and your vision.

Dr. Janez Vogrinc

Dean of The Faculty of Education, University of Ljubljana
